

ONLY the rightful/legal owner of the samples can authorize transfer to the Freezer Farm. A copy of IRB approvals/exemptions should be included with the samples inventory list. Sample owners must confirm that they have all appropriate consent forms in the case of human samples. This attestation must be signed by the sample owner, not a designated representative or department contact. An annual re-attestation will be required every year that the samples are stored within the Freezer Farm.

Project Name: _____

1. I agree that I am the rightful/legal owner of the samples being transferred into the Freezer Farm.

Print Name: _____

Signature: _____ Date: _____

2. I confirm that all IRB regulations have been followed in the collection of these samples.

Print Name: _____

Signature: _____ Date: _____

3. I agree that in the case of human samples, all samples have been obtained with informed consent of the participant (if not applicable leave blank).

Print Name: _____

Signature: _____ Date: _____

4. I understand that if it is discovered that any samples are not the property of the person submitting them the samples will be returned to the department.

Print Name: _____
